QUALITY AND SERVICE

With the approach of the busy fall days we are laying plans to give you a service you have never had before. We are sparing neither time nor money to make our service all that could be wished for but your co-operation is very necessary. By placing your order for meats before nine o'clock enables us to give you better service and better quality. By placing your orders after 5 and before 8 o'clock your meat will reach you on our first delivery, which leaves at 8. To be able to get what you want when you want it should be a convenience to you. Just order before 9 o'clock and see how quickly we can reach you with the goods. If you want a porter-house, sirloin, club, tenderloin, flank, round steak, rib roast, rolled roast, veal roast, or sausage, you will find that we can meet your every requirement.

It is not our policy to boast or make extravagant statements—but it is our business to sell the very best meats to be had at honest weight and honest prices.

We have the best quality—assist us in giving the best service.

CLARENCE OUSLEY SPEAKS.

Hon. Clarence Ousley, director of the Extension department of the A. and M. College of Texas, spoke to a good audience at the court house last Wednesday night. His audience was delighted with the address, and some who have heretofore paid little attention to the work are now strong advocates of the Extension department of the A. and M. College. Carthage and Panola county are to be congratulated on having received a visit from Colonel Ousley. — Carthage Watchman.

MOVED TO CALDWELL.

Mr. and Mrs. W. B. Cannon left Sunday afternoon for Caldwell, where they will in the future reside. Mr. Cannon will have charge of the mechanical department of the Oliver-Cade Oil Co., which firm has the agency for several counties for the Buick car. It is with a source of regret The Eagle makes this announcement, as Mr. and Mrs. Cannon, who were new-comers in Bryan, were fast identifying themselves with the better citizenship of the city. He had been in charge for the past several months of the mechanical department of the White & Webb garage.

BRYAN MAN SEES BIG WHALE.

Harry Tuffly, who spent a few hours in Galveston yesterday afternoon, is telling his friends some very exciting things this morning about the big whale which floated ashore at Galveston Sunday. Mr. Tuffly says the negroes who captured the big monster, which weighed close to 40 tons, said they thought when they first sighted him that it was a German submarine. A tent was erected over the monster and he says the negroes who had him were certainly cleaning up on the sightseers, who were flocking out to take a look at him. He also reports that they have sold the whale and realized \$250.
